

# Monitor – NMM-2

Monitor built on LCD technology, designed for all-year / all-weather outdoor use.

No need for overroofed firing points.

- The monitor is based on a chassis made of stainless steel. Waterproof.
- The display is readable in bright sunlight, and is protected by a laminated, anti-reflective coated glass, able to withstand the impact of cartridges from automatic weapons.
- Solid mil. spec. contacts.
- "Vandal proof" buttons.
- A smart card reader is standard.
- The stand, made from stainless steel, makes the monitor easily moveable, and simple to adjust to the optimum viewing position.
- The monitor is easy to operate, with dynamic menus.

## For use with :

- All systems/targets produced by Kongsberg Target Systems AS

## Technical :

### Dimensions:
